PORNOGRAPHIC WAR ON AMERICA

PART II

DIRECTED BY "STUDENTS OF THE TALMUD"

By Sam Crockett

The White Slave Traffic has always been a Jewish monopoly; in it, the Jew has combined his instinct for the degradation of women with his hatred of the Gentile, to whom the Talmud denies any more rights than are given to animals. And what is our source for this statement?

The Jewish Chronicle, April 1, 1910 stated:

All who know anything of the conditions prevailing in the White Slave Traffic are agreed that, if the Jews could be eliminated, it would shrink to comparatively small dimensions.

The Jewish World, March 18, 1914, stated: Indeed, the part which Jews all over the world play in white slavery is one of the foulest blots on our people.

The Jewish Guardian, May 23, 1924, expressed passionate regret at the indisputable fact that the sin of the so-called White Slave Traffic lies partly at least on Jewish shoulders . . . The International association which is trying to deal with it reports that a certain class of rogues, still successfully evading their efforts, is predominately Jewish . . . More deplorable . . . is the fact that the tempters and procurers . . . are often recognisably Jews . . . It is one of the stains on the Jewish name that Jews of a sort seem to gravitate to the stem of that detestable trade.

And why, might one ask, should Jewish sources make such admissions? The answer lies below:

Jewesses were enslaved, too; not just Gentile women. The Times, March 13, 1914, reported via its Constantinople correspondent that that city was a chief centre of this Traffic, "which locally is in the hands mainly of Russian Jews." Sir E. Pears in Forty Years in Constantinople (H. Jenkins, 1916, p. 130), said that the women were mostly Jewesses.

The Daily Mail (London), April 20, 1932, reported that a shipload of alien gangsters had been deported from Argentina in the S.S. Chaco. One was an "Englishman named Cohen." The account stated that he was a

member of a notorious Jewish gang known as the Zwi Migdal. For years past, this gang has specialised in procuring European Jewesses for the South American White Slave Market . . . 400 members of this gang were expelled (from Argentina) to Montevideo.

Zwi Migdal ran about 1,000 houses with 3,000 women. Another gang, "Asquenasum," was runner-up in this traffic.

Real Detective, July 1935, contained an article by Lady Terrington "Showing Up New York's Sex-Vice Vultures," which named Polly Adler (☆) as the top madame (who later moved to Hollywood). Another madame, Leibstone (☆), kept a disorderly house with a card-index listing of 5,000

women, who paid her 10 percent of their earnings. Recent news accounts naming Jewesses as call-house madames are the rule rather than the exception.

A few years ago the so-called Jelke case exploded into headlines in New York City. A Non-Sectarian Anti-Nazi League and Anti-Defamation League agent named Mana Truhill (Cohen ☆)—now in prison in Canada for forgery—was flagrantly and publicly involved in that case. He was also an ex-student of an official communist training school and procured a number of prostitutes for his dirty work while in the pay of the Jewish action agencies. Jelke was a catspaw. What never came out in the case—and Truhill knew the whole story—was the role two famous Broadway Lesbians played in financing the ring's operations for the benefit of the Communist Party (blackmail!)

In Jack Lait's and Lee Mortimer's Confidential series of books, unveiled a part of the Jewish control of vice. In Chicago Confidential, in the chapter on "The Scarlet Sisterhood," the two authors wrote:

Vice-President in Charge of Prostitution is Jack "Greasy Thumb" Guzik (☆), who was cashier for the Capone mob . . . his brother . . . Harry, who died in 1949 in Florida, was the cause of the Mann Act, introduced by a Chicago congressman to wipe out a hotel run by Harry, . . . where women were brought from all over the world and from farms and coal-mine towns, and sold and shipped to houses throughout the nation. Under him Jack Guzik got his education . . . and he has risen high . . . He . . . has bragged, "I have more cash than Rockefeller." He has more influence too. Any cop who raises a hand at him—and this is not hypothetical—is not only broken, but he is arrested and indicted for violating the civil rights of Greasy Thumb Guzik, and he is hounded forever after by open and unseen forces. . . .

PORNOGRAPHIC WAR

—o— Continued from page 1 —o—

The same two authors, in their book, *U. S. A. Confidential*, in the chapter on "Reds In Clover," wrote:

Sex is the subversives' secret weapon . . . **Marxism** came into Russia on a wave of free love . . . Communist families must teach their children that sexual activities are biological . . . Sex is offered as an inducement to comrades for attending meetings . . . Negro men get first choice of white women.

See also the section in *Washington Confidential* on the thousands of homosexuals in the State Department, and the Interim Report No. 241 of the Senate Committee on Expenditures in the Executive Department on "Employment of Homosexuals and Other Sex Perverts in Government" (Dec. 15, 1950) which pinpointed the Departments of Agriculture, Interior, Commerce and Treasury, and the Economic Cooperation Administration, Federal Security Agency and Veterans' Administration as hot beds of perverts.

FIVE PORNOGRAPHERS CONVICTED

The *Brooklyn Tablet* (One Hanson Place, Brooklyn 17, N.Y.) in its Feb. 13, 1960, issue, quoted the judge's opinion at length in the case of the five pornographers named in the *Daily News* clipping reproduced in Part One of this article. This was the first decision to follow the recent Supreme Court ruling which struck down a California law banning sale of indecent literature on the basis that a bookdealer is innocent if he hasn't read the books he sells.

In the New York case the five Jews claimed they hadn't read the pornography they were selling. The judge rejected this argument, pointed out that on the cover of one of the books in question, *Queen Bee*, sold for \$5.00, was the following statement:

Nothing is hidden . . . A tale that is wilder and more sizzling than a barrel of sly French novels. A Roman orgy is tame compared to some of the bedroom scenes.

The two other books named by the judge were *Succulent* and *Garden of Evil*. We can tip the cops to the fact that the emporiums of smut operating at 105, 117, 228, 251, & 259 West 42nd Street, and at 598 7th Ave., NYC are also run by Jews and that they too stock pornography. The Jews in the back at the 105 and 259 addresses sell magazines containing absolutely nude figures of women. The Jew at 105 also sells a complete stock of the *Pigalle Imports* torture pornography books. (See first article, page 3, Ben Himmel(☆), arrested owner of this firm.)

THE JEWISH ULYSSES

The first famous obscene book case in America which turned the tide in favor of the Jewish merchants of filth was the revolutionary decision entitled *U.S. v. One Book Called "Ulysses"* (1933). Morris L. Ernst(☆), the Communist-Aiding American Civil Liberties Union lawyer, who is the foremost defender of pornographic and obscene literature and films in the nation—as "censorship" cases—next to Felix Frankfurter, handled the *Ulysses* case for Random House, a Jewish firm. (See Appendix) Donald S. Klopfer(☆), Exec. VP of Random House, signed the ACLU statement favoring pornography. (See Part One)

There was a very good reason that James Joyce's prolix and unspeakably filthy *Ulysses* was chosen as a vehicle for the first successful major attack against the forces of morality in this country. *Dialectics, A Marxist Literary Journal*, No. 5, 1938 (A Communist Party organ) supplies the answer in its Jewish-edited article by R. Miller Budnitskaya(☆), entitled "James Joyce's 'Ulysses' ". Leopold Bloom, a pornographic

Jew is "Ulysses", hero of the novel.

The Gathings Committee (P) attacked this ruling in the strongest possible terms (O) in 1952 and also the *Pennsylvania Commonwealth v. Gordon et al* decision in 1949 by Judge Curtis Bok involving nine books, including *God's Little Acre*, by Erskine Caldwell.

Erskine Caldwell was identified as a "well known communist" on page 567 of Appendix IX(Q) with 21 Communist-front citations listed in that one volume. Even more interesting is the reference in *Whittaker Chambers' book, Witness* (Random House, 1952, p. 44), to:

"Paul" . . . the pseudonym of a secret Communist who had been turned over to the Soviet apparatus by the American Communist Party for the specific purpose of using his business to provide legal "cover" for a Soviet underground apparatus to be set up in England . . . The world knew Paul better as Maxim Lieber(☆), an authors' agent who handled, among others, the profitable marketing problems of Erskine Caldwell, author of *Tobacco Road*, *God's Little Acre* and other best-selling fiction. Paul also handled *Tobacco Road* when it was made into a play which, lacing social consciousness with a dash of pornography, ran so long on Broadway (that it) enabled Paul to buy a farm . . . which also played its small part in the underground . . . (p. 224) in matters of sex, Communists, who deny that it has any importance, are invariably as prurient as gutter urchins . . . (p. 333) Ella Reeve Bloor . . . a kind of dowager fertility goddess . . . at sixty . . . was as frolicsome as a school-girl . . . provided the party's inner circles with unlimited droll stories.

Thus we see that a Soviet espionage agent, Maxim Lieber, handled the named "communist" Caldwell's pornographic books and plays. And along comes Judge Curtis Bok with a decision that the book is not obscene. The Gathings Committee had this to say:

So important and far reaching is such a decision affecting all the elements of our social structure, sanctioning by negative action the flow of salacious, scatological, and suggestive literature, reaching the degree of mass media, that it invites inquiry with reference to the background of the case.

Judge Bok is a grandson of Cyrus H. K. Curtis, founder of the Curtis Publishing Co., and Judge Bok's mother, Mary Louise Curtis, married Edward Bok, Curtis Bok being their son. Cary W. Bok, brother of Judge Curtis Bok, is vice president and director of the Curtis Publishing Co. Judge Curtis Bok's mother, who is now Mrs. Efrem Zimbalist(☆), is a member of the board of directors of the Curtis Publishing Co. Bantam Books, Inc., is . . . one of the largest producers of pocket-size books of the type of those referred to in the committee hearings.

Curtis Publishing Co. owns 42 1/2% of the stock of Bantam Books, Inc. (Bantam pocket-books were condemned in the hearings.)

Further it should be stated that the *Saturday Evening Post*, a Curtis publication, is partly owned by the Wall Street firm of Bache and Co.(☆). Curtis Circulation Co.

distributes *Esquire* and *Coronet*. Mr. and Mrs. Efrem Zimbalist are cited as **Communist-fronters in Appendix IX**. Caldwell's book was ruled obscene and pornographic in a Massachusetts decision quoted by the Gathings Committee. See Appendix for Jewish complexion of companies.

AMERICAN BOOK PUBLISHERS COUNCIL, INC.

1959 sales of pocket books is in excess of 3 hundred million copies. The Gathings Committee noted the high proportion of pornographic and obscene pocket books sold in 1951. The proportion now is many times over what it was nine years ago. "Of the 1951 output, about 80 percent originated in seven publishing houses, all members of the American Book Publishers Council, Inc., (ABPC)."

The general counsel for the ABPC is Horace S. Manges(☆), of Weil(☆), Gotshal(☆) and Manges of NYC. Manges signed the ACLU statement (see Part I); has repeatedly testified against any legal restraint against pornography before various committees; represented Random House and Bantam Books, — co-counsel was Jacob F. Raskin(☆), of Manges' firm—publishers of *Ten North Frederick*, by John O'Hara, in an action brought to force the Detroit Police Department to withdraw its ban against the book as obscene.

In June 1958 Detroit Judge Carl M. Weideman(☆), ruled in favor of the publishers(R). Manges also appeared for Bantam Books to oppose an indictment brought against the same novel as obscene in Albany, N.Y. Judge Martin Schenck(☆), ruled in favor of Bantam Books.(R)

The ABPC has 12 directors inclusive of Curtis G. Benjamin(☆), President of the ABPC and of McGraw-Hill Book Co.; Cass Canfield, Chmn. of the Editorial Bd. of Harper and Bros., a Communist-fronter and United World Federalist; Oscar Dystel(☆), President of Bantam Books; Wm. Jovanovich, President, Harcourt Brace and Co.; Norvell B. Samuels(☆), Associate Dir., Princeton University Press; and Ben D. Zevin(☆), President, World Pub. Co., and a signer of the ACLU statement. The ABPC is a tremendous power in the publishing world; provides counsel in pornography court cases; lobbies against anti-pornography legislation; has extensive files it makes available to sources sympathetic to its viewpoint; issues a *Censorship Bulletin* containing material such as that quoted in its August, 1958, issue: a report by Brown University psychologists, Drs. Nissim Levy(☆), Lewis Lipsitt(☆), and Judy F. Rosenblith(☆), commenting on statements linking delinquent behavior to salacious reading. This trio of Jews reported that "there is some evidence that delinquent behavior is actually lessened by 'bad' reading, etc. . . Among those who have expressed such a view in the case of adults is Dr. Benjamin Karpman(☆), (of St. Elizabeth's Hospital in Washington, D.C.—head of the Psychiatric Division.)" The same bulletin stated that Joseph B. Ullman(☆), counsel for New American Library of World Literature (See Appendix), had succeeded in persuading the Post-Office to reverse its ban on the New American Library's paperback reprint of the obscene book, *The Woman of Rome*, by Alberto Moravia.

JEWISH OCTOPUS IN PORNOGRAPHY

There is not one area of the communication media—particularly as it relates to the dissemination of pornographic and obscene material—which is not controlled by Jews (Khazars).

The American News Co. until 1957 held a virtual monopoly in this country as distributors of periodicals to wholesalers, while its subsidiary, the Union News Co.,—the largest retailer in the world—owned 1200 key outlets. An antitrust suit in July 1952, finally brought this monopoly to an end. At present American News Co. has 27 wholesale branches and Union News has

1500 outlets. Henry Garfinkle(☆) is President, Herbert Frilen(☆) VP, Malcolm Kingsberg(☆) Cons., Serge Semenenko(☆) a Dir. and also Senior VP of 1st Nat'l Bank of Boston. Officers include at least seven Jews, including Roy Cohn(☆), the General Counsel. Union News' VP is Morris Strassman(☆). This company and its subsidiary for years pushed pornography onto the newsstands. It now stocks 47,000 books for sale and accounted for 10 percent of all publishers' sales in America. In the case of Peyton Place American News accounted for 21 percent of total sales! (Annual Report, 1957, p. 15)

Of the 30 ad agencies listed in Literary Market Place(LMP) 23 are obviously Jews. Those which are listed as handling the products of firms listed in the Appendix are Friend-Reiss(☆), Mort Junger(☆), Mogul Lewin Weiss and Saylor(☆), Roeding and Arnold(☆), Wm. Seidenbaum(☆) (Arco Pub. Co.), Franklin Spier(☆), Sussman and Sugar(☆) (Evergreen Review, Grove Press, Julian Messner, Random House, Simon and Schuster), Waterman-Getz(☆) and Martin S. Wiener(☆).

Probably the top key foreign representative for the firms that handle pornographic material is Feffer and Simons(☆). (Pornographic as used throughout this article, unless otherwise indicated by the context, refers to lewd, filthy, salacious, obscene material in any form, be it the "hard core" type or the so-called "erotic realism.") Any party who wishes to take the trouble of leafing through the pages of the LMP Directory can extend this list almost indefinitely. The percentage of Jews in key spots in the categories under Agents, Book Reviewers, Columnists and Commentators, Direct Mail and Promotion, Newspapers and News Services, Radio and TV, etc., is well-nigh unbelievable. Of the 15 major wholesalers 9 are obviously Jewish. The major Wholesale Remainder dealers are Marboro Books (Frederick Weitzen ☆), Publishers Clearance(Abraham Epstein☆), and Remainder Books Co.(Morris Sorkin☆ and Philip S. Foner☆, the latter an identified Communist).

JEWISH BOOK CLUBS

Book Clubs are the most notorious offenders in the respect of "pushing" pornography. The Book-of-the-Month-Club is the most powerful and has consistently chosen authors' books which have been declared obscene. Harry Scherman(☆), a Communist-fronter, is its Chmn. of the Bd. The Book Find Club is equally notorious, if not as powerful. Its Dir. is George Braziller(☆) with his own publishing firm (See Appendix); its Ed. is Richard Seaver(☆), also Mg. Ed. of the unspeakably vile Evergreen Review of Grove Press.(See Jewish Pornography Index.) Book Find News No. 21 for example advertises for sale Theodore Reik's vile recording, *The Psychology of Sex Relations*. Reik's early mentor was Freud. See other reference to Reik who is the foremost Jewish psychiatrist in the country in the field of pornography.

The recording referred to—sold in record shops all over the country—is "a conversation on love-feeling and love-making. He is assisted by Dr. Eberhard Kronhausen(☆) & Dr. Phyllis Kronhausen." (Authors of the book, *Pornography and the Law*(N). The same Book Find News bulletin advertises *Advertisements for Myself*, by the cesspool-minded Communist-fronter Norman Mailer(☆), a book which has a chapter on his relations with a Jewess which is the vilest, most unspeakably filthy, pornographic, obscene, degraded and debauched material ever printed and sold openly to the American public. A book dealer who allows this book to be sold to children deserves the worst penalty that can be meted out under the law. (But of course the only "penalty" will be increased sales).

Readers' Subscription brought suit—with Grove Press—in the *Lady Chatterley's Lover* Case. The President of this club is

Arthur J. Rosenthal(☆). He and his staff also run Basic Books and its book club, the Library of Science book club, the Natural History Book Club and the Science Book Club. Geo. Braziller, of Book Find, also—with the same staff—runs the Seven Arts Book Society. Angus Cameron(☆), an identified Communist Party member, runs the Liberty Book Club, and puts out Prometheus paperbacks. Mid-Century Book Society's President is Arnold Bernhard(☆); Exec. VP is Sol Stein(☆). It issues the Mid-Century and sells *The Henry Miller Reader* and *Justine* and *Balthazar*, both studies in filth edited by Lawrence Durrell.

JEW PORNOGRAPHERS AND THE LAW

Nearly 100 percent of all legal suits brought in this country against pornography have involved Jews, either as defendants, as purveyors of pornography or as plaintiffs complaining because some local or national authority had interfered with their activities. A listing of the cases would be far beyond the scope of this work and would be dry reading. The ACLU has listed these cases over the years and any lawyer can locate the information for an interested party. A very high percentage of the cases can be identified as Jewish from the names given. When publishers' firm names were given, the publishers invariably are found to be Jewish. *Alberts v. Cal.*, *Chaplinsky v. N.H.*, *Glanzman and Bowery Enterprises v. Schaffer*, *Joseph Burstyn v. Wilson*, *Roth v. U.S.*, *Commonwealth v. Gordon*, *U.S. v. Levine*, *Commonwealth v. Isenstadt* (Strange Fruit), *Roth v. Goldman*, *Penna. v. Martin Blumstein*, represented only a tiny fraction of the major obscenity cases involving Jews. The *Ulysses*, *Nights of Horror*, *Chatterley*, and the *Miracle* cases were all Jewish. Jewish law firms monopolize the pornographic cases—as defenders of the merchants of filth. Felix Frankfurter is the key justice in the Supreme Court in all decisions relating to pornography. Such cases are almost invariably brought before Jewish judges on the premise that a Jew judge is automatically pornographic minded and inclined by nature to decide in favor of the smut writers, publishers and dealers.

APPENDIX

Book "publishers are responsible for the inception, preparation, distribution, and sale of pornographic literature, which now reaches an incredible volume and produces profits of such magnitude as to encourage resistance on their part to all efforts leading to control by law. Any effort toward controlling this menace effectively must begin at the source, which is the publisher (who) is primarily responsible, since he is the architect and creator without whom the chain of distribution could not function." (Gathings Committee Rep. p. 17)

The following book publishers—all Jewish owned or Jewish staffed—have published pornographic or obscene literature. *Literary Market Place, The Business Directory of American Book Publishing - 1959-60* (R.R. Bowker Co., N.Y.) was consulted for this compilation. Sources which were utilized to determine whether publishers should be included on this list are given in parenthesis following each listing.
